#### **Independent Auditors' Report**

To the Board of Directors of Neighborhood Trust Financial Partners, Inc. (Formerly Credit Where Credit is Due, Inc.)

#### Report on the Financial Statements

We have audited the accompanying financial statements of Neighborhood Trust Financial Partners, Inc. ("NTFP"), which comprise the statement of financial position as of December 31, 2013, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NTFP as of December 31, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Report on Summarized Comparative Information

We have previously audited the NTFP's 2012 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated May 21, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2012 is consistent, in all material respects, with the audited financial statements from which it has been derived.

## NEIGHBORHOOD TRUST FINANCIAL PARTNERS, INC. (FORMERLY CREDIT WHERE CREDIT IS DUE, INC.) NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013

#### **Note 1 - Organization and Purpose**

Neighborhood Trust Financial Partners, Inc. ("NTFP") (formerly Credit Where Credit Is Due, Inc.) is a not-for-profit organization incorporated in New York on June 13, 1995. Its mission is to empower low-income individuals to become productive participants in the U.S. financial system and achieve their financial goals. It strives to achieve this mission through the creation and support of the Neighborhood Trust Federal Credit Union and the operation of financial educational programs. NTFP's primary sources of revenue are contributions and fees.

On November 21, 2011, Credit Where Credit Is Due, Inc. changed its name to Neighborhood Trust Financial Partners. Inc.

#### Note 2 - Summary of Significant Accounting Policies

#### a. Tax Status

The Internal Revenue Service has determined that NTFP is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code, and is not a private foundation within the meaning of Section 509(a) of the code.

#### b. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting which is the process of recognizing revenue and expenses when earned or incurred rather than when received or paid. All significant receivables, payables, and other liabilities have been reflected.

#### c. Basis of Presentation

NTFP is required to report information regarding its financial position and activities according to the following classes of net assets:

- Unrestricted represents all activity that has not been restricted by donors or applicable law.
- > Temporarily restricted represents donor restricted contributions whose restrictions have not been met at year-end but whose restrictions are anticipated to be met in the future.
- ➤ *Permanently restricted* accounts for activity restricted by donors that must remain intact in perpetuity. NTFP did not have any activity of this type.

#### d. <u>Cash and Cash Equivalents</u>

NTFP considers all liquid investments with a maturity of three months or less to be cash and cash equivalents.

#### e. Concentration of Credit Risk

Financial instruments which potentially subject NTFP to concentration of credit risk consist of cash, money market accounts and investment securities which have been placed with financial institutions that management deems to be creditworthy. At yearend and at certain times during the year, NTFP had material uninsured balances; however, they have not suffered any losses due to the failure of any of these institutions.

#### f. <u>Investments</u>

Investments are carried at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Realized and unrealized gains and losses are reflected in the statement of activities as investment income. (See Note 4 for additional information.)

#### g. Contributions

NTFP reports contributions at the earlier of when cash is received or at the time a pledge becomes unconditional in nature. Contributions that are restricted by the donor are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. However, when a restriction is met in the same period the contribution is received, it is recorded as unrestricted.

#### h. <u>Pledges Receivable</u>

Unconditional promises to give are recorded at net realizable value if expected to be received in one year or at fair value using risk adjusted present value techniques if expected to be received after one year. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Pledges are reviewed for collectability. Management has not established a reserve for uncollectable pledges as they deem all pledges to be collectible.

#### i. Accounts Receivable and Fees Income

Fee income is recognized as services are performed. Fees that have not been collected at year-end are reflected as accounts receivable.

#### j. Fixed Assets

Fixed assets to which NTFP retains title to and that benefit future periods are capitalized at cost, or if donated, at the estimated fair market value at the time of donation. Depreciation and amortization is taken using the straight line method over the useful life of the asset or term of the lease as noted below:

Leasehold improvements - 15 years Computers and software - 5 years Furniture and equipment - 5 years

#### k. Deferred Rent

Rent expense is recorded evenly on the straight-line basis over the life of the lease. Rent expense recognized in excess of cash payments is reflected as deferred rent. As future payments exceed the annual expense recognized, deferred rent will be reduced to zero by the end of the lease term.

#### l. Accrued Compensation Absences

NTFP has not accrued for vacation earned but not yet taken because the amounts have not been determined. The amount is not considered material.

#### m. Management Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

#### n. Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of NTFP.

#### o. <u>Comparative Financial Information</u>

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with NTFP's financial statements for the year ended December 31, 2012, from which the summarized information was derived.

#### p. Accounting for Uncertainty of Income Taxes

NTFP does not believe its financial statements include any uncertain tax positions. Tax filings for periods ending December 31, 2010 and later are subject to examination by applicable taxing authorities.

#### q. Subsequent Events

Management has evaluated for potential recognition and disclosure events subsequent to the date of the statement of financial position through April 22, 2014, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through our evaluation date that would require adjustment to or disclosure in the financial statements.

#### Note 3 - Pledges Receivable

At December 31, 2013, all pledges receivable were due within one year.

At December 31, 2012, NTFP had pledges receivable which were due as follows:

Year ended: December 31, 2013	\$771,350
December 31, 2014	350,000
Total pledges	1,121,350
Less: adjustment to fair value	(13,650)
Pledges receivable, net	<u>\$1,107,700</u>

#### Note 4 - Investments

At December 31, 2013 and 2012, investments consisted of a FJC Loan Fund balance of \$18,051 and 17,574, respectively.

FASB Accounting Standards Codification (ASC) 820 establishes a fair market hierarchy giving the highest priority to quoted market prices in active markets and the lowest priority to unobservable data. The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that NTFP has the ability to access.
- Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The investments above have been valued based on Level 3 of the above hierarchy.

Changes to Level 3 investments are as follows:

	<u>2013</u>	<u>2012</u>
Beginning balance	\$17,574	\$16,936
Interest income	656	810
Bank service fees	<u>(179)</u>	(172)
